5 THINGS YOU MAY NOT KNOW ABOUT CONVEYANCING

1

Conveyancing involves more than just the transfer of property ownership. It also includes the legal and administrative process of buying or selling a property.

2

Conveyancing can take longer than expected due to various factors, such as property defects, title issues, and finance delays.

3

Conveyancing fees can vary greatly depending on the complexity of the transaction and the location of the property. It's important to get a quote from a conveyancer before proceeding.

4

Conveyancers play a crucial role in the process, ensuring that all legal requirements are met and protecting their client's interests.

5

Technology is transforming conveyancing, with the use of online portals and electronic signatures making the process more efficient and convenient for all parties involved.
